

10 February, 2021

Hello Albert & Amanda,

We are selling homes like yours at more than 105% of listing price!

We just repeated that success by selling another home in Fremont for 106.8% which is about \$75,000 above listed price!

Enclosed is my newsletter for February, with details of market activity in Fremont on page 2. It is a sellers market! Since interest rates are low, it is attracting many buyers to this red-hot market. If you have a home, there is no better time than now to sell and realize capital gains.

On page 3, discover how to beat out other buyers to hot new listings. Ensure that you gain access to all homes in the market, even those that are NOT available online.

Whether you're buying or selling a home, we're sure that you have lots of questions. We invite your questions and explain how to direct them to us, so they can be answered in one of the upcoming issues of Market Watch. This month we've selected another popular question that many homebuyers ask, "3 Ways to Buy a Fremont Home For Less Money".

Page 4 has a list of useful reports that you can request, for FREE.

Don't forget, you can call my office any time at [925-452-7483](tel:925-452-7483) for a FREE Quick Over-the-Phone Home Evaluation. As its name implies, this is a NO cost, NO obligation way of learning what your home can sell for in today's market. 3 Ways to Buy a Fremont Home for Less Money

If you're like most homebuyers, you have two primary considerations in mind when you start looking for a home. First, you want to find the home that perfectly meets your needs and desires and, secondly, you want to purchase this home for the lowest possible price.

When you analyze those successful home buyers who have been able to purchase the home they want for thousands of dollars below a seller's asking price, some common denominators emerge. While the negotiating skills of your agent are important, there are three additional key factors that must come into play long before you ever submit an offer.

This topic has been the subject of extensive analysis by Industry Experts, and a summary of their findings,

and a specific step-by-step purchase plan for homebuyers, can be found in a new special report called "Homebuyers: How to Save Thousands of Dollars When You Buy".

This free report outlines the psychology of how a seller sets their asking price, and gives you 3 simple steps to follow, before you even set foot in a seller's home, which could help you to successfully slash thousands of dollars off the price of the home you want.

Which of These Costly Homeseller Mistakes Will You Make When You Sell Your Fremont Home?

A new report has just been released which reveals the 7 costly mistakes that most homeowners make when selling their home, and a 9 Step System that can help you sell your home fast and for the most amount of money.

This industry report shows clearly how the traditional ways of selling homes have become increasingly less and less effective in today's market. The fact of the matter is that fully three quarters of homesellers don't get what they want for their homes and become disillusioned and - worse - financially disadvantaged when they put their homes on the market.

As this report uncovers, most homesellers make 7 deadly mistakes that cost them literally thousands of dollars. The good news is that each and every one of these mistakes is entirely preventable. In answer to this issue, industry insiders have prepared a free special report entitled "The 9 Step System to Get Your Home Sold Fast and For Top Dollar".
